This 24-hour workshop is for sworn and civilian law enforcement trainers, leads, supervisors, managers, and is appropriate for probation and corrections staff as well.

***This is also an excellent course for aspiring supervisors.***

Let MCA help you develop the knowledge and skills necessary to create an environment where your team thrives because of your effective management of those under your supervision who are unable or unwilling to perform. Our practical, common-sense techniques, obtain results without the abuse of power or rights of those in your charge. You can hold employees accountable for their job performance and behaviors and gain their respect at the same time.

Learn how to:

- Build healthy superior-subordinate relationships
- Establish and assert your authority, while respecting employee rights
- Develop performance standards that clearly communicate expectations
- Write objective, clear and accurate performance evaluations
- Implement interventions that effectively correct performance problems
- Confront difficult and resistant employees without losing
- Understand and apply disciplinary due process
